

UK ear care professionals welcome the new Propulse III Universal

ENT's number one electronic irrigator been updated, improved and warmly welcomed by UK ear care professionals.

Since its launch, sales of the Propulse III Universal have been steadily increasing as UK professionals appreciate newly added features. The Propulse III is now fully portable. It can be used anywhere, not just in the clinic setting but also for domiciliary visits and/or where the electricity supply is questionable.

And, added sound proofing features – including a double insulated motor – means the new Propulse III Universal is the quietest Propulse yet.

The variable pressure control system continues to allow pulsed water jet delivery, while Propulse Disposable 'One Use' Jet Tips cut the potential for patient to patient cross infection.

The Propulse III Universal complies with all EC safety standards and comes with a jargon-free manual, power adaptor, charger unit, footswitch for hands-free control, 10 Propulse Disposable 'One Use' Jet Tips, 10 Propulse Cleaning Tablets and a one year parts and labour warranty.
